VALIDATION OF MODEL TRAINING COURSES

Report on the model course programme

Note by the Secretariat

SUMMARY

Executive summary: This document provides information on the development, review, updating, translation and publication of model courses

Strategic direction: 5.2

High-level action: 5.2.2

Planned output: 5.2.2.3

Action to be taken: Paragraph 4

Related document: HTW 1/3

General

1 In response to the Maritime Safety Committee's instructions, at its sixty-eighth session (MSC 68/23, paragraph 12.5) and all sessions thereafter, the Secretariat continued to work intersessionally on the model course project, progress on which is reported in the ensuing paragraphs.

Overview

2 Attached in the annex is updated information on IMO model courses which have been printed and are available for use; courses which are being revised or to be revised; courses which have been developed and prepared for publication; those which are out of print pending revision; and those which have been translated and published in French and Spanish.

Current work

3 Existing model courses are being revised and updated and new model courses, to address the 2010 Manila Amendments to the STCW Convention and Code, are being developed within the available resources in a phased manner.

Action requested of the Sub-Committee

4 The Sub-Committee is invited to note this information, as well as additional information, as may be provided orally by the Secretariat during the session, updating the status of production and revision of IMO model courses since this document was drafted, and take action, as appropriate.
